

K-LOVE provides my famly with a great connection to other Christians, continues to help us concentrate on our faith in God and gives us music that we can enjoy with our teenage son - all in a small town, Surprise, Arizona;

Without KLOVE we would only have a Christian station that plays "old timers" music such as hymms which neither us nor our son would listen to on a daily basis, if ever;

K-LOVE consistantly keeps our mind on the greater good and allows us to enjoy positive music, without having to worry about what the DJ's are airing to our family and helps us reach others when they are hurting and need help or prayer.
